

St. George's University
SCHOOL OF MEDICINE

COMMENCEMENT

Sunday, June 7, 2020

DOCTOR OF MEDICINE MISSION

The mission of the St. George's University Doctor of Medicine program is to provide an international, culturally diverse environment in which students learn the knowledge, skills, and attitudes required for postgraduate training in the health profession, while being inspired to develop compassion, curiosity, tolerance, and commitment to patients and society, dedication to lifelong learning, and an understanding of the vital role of research in healthcare.

We congratulate each and every one of today's graduates; you will do us proud as ambassadors of St. George's University. We wish each of you success and fulfillment as you care for patients during your professional journey.

St. George's University Administration, Deans, Faculty, and Staff

"But nothing is more estimable than a physician who, having studied nature from his youth, knows the properties of the human body, the diseases which assail it, the remedies which will benefit it, exercises his art with caution, and pays equal attention to the rich and the poor."

Voltaire

SCHOOL OF MEDICINE FACULTY AND ADMINISTRATION

Charles R. Modica, JD
Chancellor

Stephen Weitzman, MD
Dean, School of Medicine

Marios Loukas, MD, PhD
Dean of Basic Sciences
Dean of Research

Daniel D. Ricciardi, MD
Dean of Clinical Studies, US

Rodney J. Croft, MA, MChir, FRCS, FACS
Dean of Clinical Studies, UK

The Reverend Monsignor John F. O'Grady, ThD, SSD

COMMENCEMENT PROGRAM

GRADUATION WITH DISTINCTION IN RESEARCH

St. George's University School of Medicine recognizes those students who conduct research during their medical studies, that results in publication. Students who achieve this this accomplishment will receive a designation of "Distinction in Research." SGU School of Medicine will honor these students with a letter of commendation, which is placed in their permanent file.

IOTA EPSILON ALPHA MEDICAL HONOR SOCIETY MEMBERS

The Iota Epsilon Alpha (IEA) Honor Medical Society of St. George's University School of Medicine was founded on the principles that include academic excellence, integrity, leadership, compassion and philanthropy. Although IEA is an academic society, its precepts are grounded in promoting humanitarianism and moral integrity as well as academic excellence. In April 14, 1992, medical student Nicholas J. Andrews, together with student colleagues Derek Bigler, Vinita Seru and Patrick M. Morgan, convened to establish IEA at St. George's University. Since then, the student members of IEA have not only increased, but have contributed significantly to the local habitants of Grenada, through their efforts in charity fundraising for various homes for the elderly, disabled, and orphaned children, and in the continued health education of the locals. Currently, IEA has extended membership to medical students in SGU's satellite campus at Northumbria University in Newcastle, UK. Beginning in 2006, IEA students were recognized at their medical graduation ceremonies for the maintenance of their academic excellence and in enhancing the lives of Grenadians. In this manner, IEA continues to be an integral part of St. George's University's corporate citizenship of Grenada.

2020 GRADUATES INDUCTED INTO THE GOLD HUMANISM HONOR SOCIETY

The Arnold P. Gold Foundation established the Gold Humanism Honor Society (GHHS) in 2002. This effort was born of a desire to foster and acknowledge humanism during medical education. Since its inception, the GHHS has been established at more than 160 medical schools, and awarded thousands of students with honors. The St. George's University chapter was established in 2004. The student body was invited to identify potential nominees based on humanistic criteria, including dependability, exemplary patient care, devotion to the community and the underprivileged, trustworthiness, listening skills, and behavior representative of the ideal St. George's University medical student.

ACADEMIC OATH

I do solemnly vow, to that which I value and hold most dear:

That I will honor the Profession of Medicine, be just and generous to its members, and help sustain them in their service to humanity;

That just as I have learned from those who preceded me, so will I instruct those who follow me in the science and the art of medicine;

That I will recognize the limits of my knowledge and pursue lifelong learning to better care for the sick and to prevent illness;

That I will seek the counsel of others when they are more expert so as to fulfill my obligation to those who are entrusted to my care;

That I will not withdraw from my patients in their time of need;

That I will lead my life and practice my art with integrity and honor, using my power wisely;

That whatsoever I shall see or hear of the lives of my patients that is not fitting to be spoken, I will keep in confidence;

That into whatever house I shall enter, it shall be for the good of the sick;

That I will maintain this sacred trust, holding myself far aloof from wrong, from corrupting, from the tempting of others to vice;

That above all else I will serve the highest interests of my patients through the practice of my science and my art;

That I will be an advocate for patients in need and strive for justice in the care of the sick.

I now turn to my calling, promising to preserve its finest traditions, with the reward of a long experience in the joy of healing.

I make this vow freely and upon my honor.
